

## CAFÉ TABLE - TIMBER TOP

The Café Table is perfect for a small patio, balcony or kitchen and ideal with the folding Café Chair, making a set that is easy to move or store. The Café Table is made up by a sturdy metal frame consisting of 3 legs of flat section with forged feet. These are riveted to tri-angulated braces at lower and mid points and to a hoop rolled on edge at the top. Individual planks with 3mm expansion gaps are secured to the hoop with screws.
